KEEP SPACE FOR PEACE WEEK

INTERNATIONAL WEEK OF PROTEST TO STOP THE MILITARIZATION OF SPACE

The people of Hiroshima, Japan understand the impact modern warfare can have. Sixty years ago the U.S. dropped the first atomic bomb on their city.

The A-bomb dome is a reminder to all that creating a new arms race in space will have catastrophic consequences on earth.

Honor the memory of those who perished in the past by helping to prevent the next arms race. Please join our week of local actions.
