After more than a half century, the historical truth of the assassination of President John F. Kennedy has been finally established beyond rational dispute. The Kennedy assassination is a false mystery. It was conceived by the conspirators to be a false mystery which was designed to cause interminable debate. The purpose of the protracted debate was to obscure what was quite clearly and plainly a *coup d'état*. Simply stated, President Kennedy was assassinated by our U.S. national security state in order to abort his efforts to bring the Cold War to a peaceful conclusion.
